## Tot Actors Win Praise In Play Cast

Performance On City Park Stage Draws Big Local Crowd

Displaying an ability that highly recommends the instruction methods of their teacher, Mrs. Florence Eakman, the children of the Sierra Madre Children's Dramatic Guild drew enthusiastic and well earned applause from a large audience in the City Park Wednesday night for their presentation of "The Magic Key."

Well adapted to the limitations as well as the peculiar advantages of younger players, Mrs. Eakman's playlette manages to bring out the theme of the public library's influence on children and at the same time remain thoroughly entertaining.

Any number of professedly "mature" amateur thespians might well envy each young Guild performer his (and her) ability to make himself heard clearly and distinctly a good distance from the stage. Many adult producers might also envy the Guild's tasteful and colorful set. The library shelf background was designed by Joan Semple, Pasadena Junior College art student, and was built by Billy Van Meter.

Outstanding in their work were Anna Sue Adwell, Russell Lovejoy, Idella Taylor as Cinderella, Dolores Bartold as the Second Spirit, Mary Lou Lovejoy, and others. All members of the cast are to be guests at a tea given in Carmelita Gardens in Pasadena Sunday afternoon at the conclusion of a program in Gold Shell Memorial Park.

Yesterday the Guild's younger pupils commenced rehearsal of "The Mysterious Princess," and today the older boys and girls start work on "The Blue Moles." The latter production is a romantic play with a medieval background, and will include in the cast 14-year old Eleanor Duncan, talented daughter of Duncan Gleason, noted marine painter. Young Miss Gleason is said to be an exceptional dancer, and is a dancing pupil of Norma Gould.

At the conclusion of the program Wednesday night W. R. Humphries made a short speech, in which he expressed his admiration for the work of the Guild children, and stated that the community should be proud to have such an organization as Mrs. Eakman's in its midst.

## Instructors And Parents Will Visit

P.T.A. Arranges Program Looking To Co-operation During School Year

With a diverse program including music, drama and educational features, the Sierra Madre Parent-Teachers Association will publicly open its new year's activities in the grammar school auditorium Wednesday evening, September 19, at 7:30 o'clock.

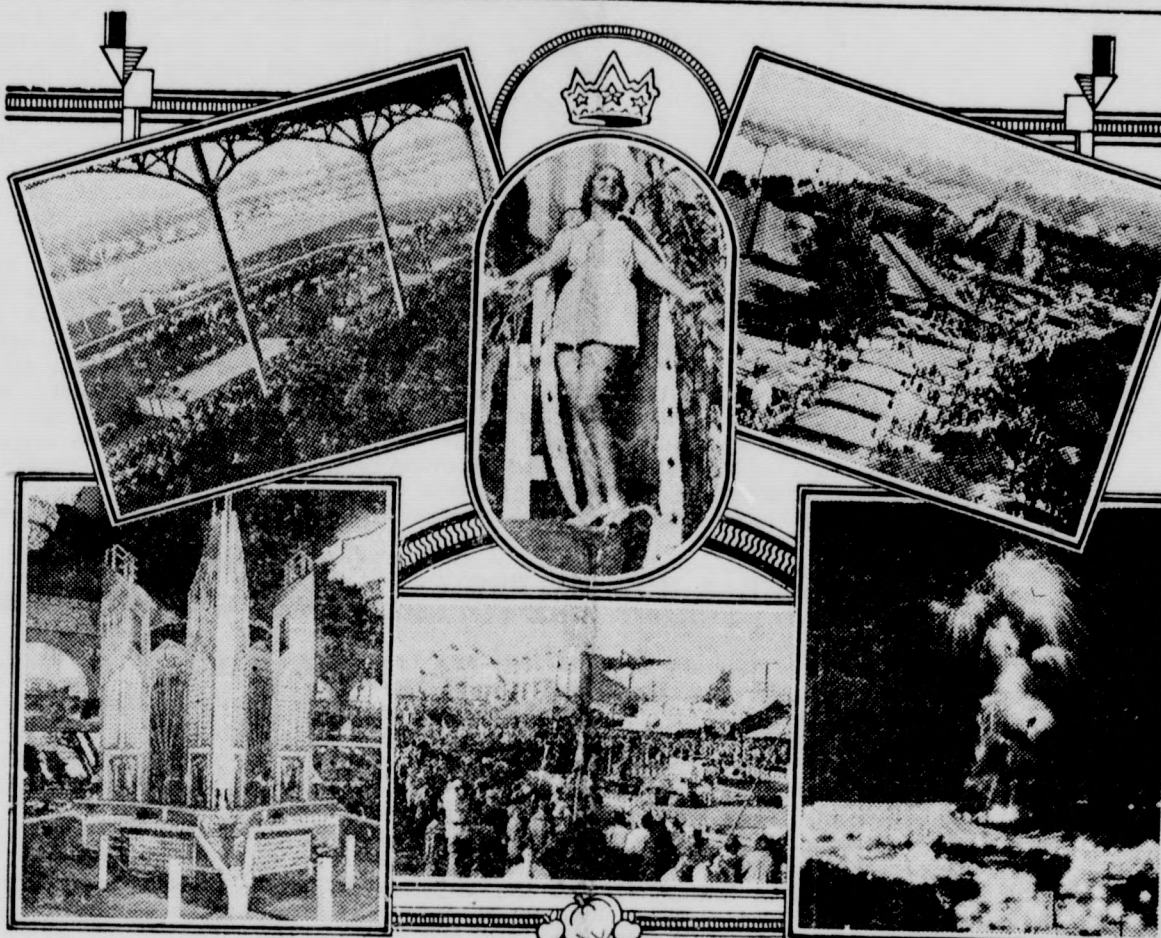

A talented cast of local performers, headed by Treva Scott, and including Gilbert Somner, Bob Ward and Percy Kortkamp, will appear in two one-act plays. Both skits are being produced and directed by Gilbert Somner.

The Mother's Chorus, under the leadership of Mrs. Myrtle Hill, is to furnish the musical portion of the entertainment, while Courtney Monson, secretary of the Pasadena Board of Education, will speak.

After the meeting and program the Courtesy and Hospitality committee will serve refreshments, at which time the parents and teachers will have an opportunity to meet and visit. Members of the new P. T. A. Board will act as hostesses for the evening.

Attending the Pasadena Council of Parent-Teachers' Association on Monday morning were Mrs. Boyd Keith, president of the local association; Mrs. Elmer E. Pulling, who is chairman of home service for the Pasadena Council; Mrs. W. C. Dalzell, chairman of home reading, and Mrs. Warren O. Preston, chairman of resolutions.

## Finishing Touches Placed On Huge County Fair

Presented on a more elaborate, comprehensive and attractive scale than ever before, the greater Los Angeles County Fair combined with Riverside and Orange county fairs, will throw open its gates at 10 o'clock Saturday morning, Sept. 15, and for the succeeding sixteen days half a million or more people will witness the mighty panorama of southland agricultural and industrial wealth and achievement. Each day's program is crammed with interest, education and excitement. The 175 acres of grounds have been transformed into a veritable land of enchantment. There has never been anything like it in the Southland. Ten miles of free exhibits contain over 30,000 displays. A total of \$100,000 is distributed in awards. There are a score of major divisions and each is a whole show within itself.

Superb entertainment, headed by 16 days of thrilling horse races, eight nights of the brilliant society horse show and the greatest midway ever assembled on the coast, will characterize the fair this year. Parking inside the grounds is provided for 30,000 cars. Train and bus excursions operate direct to the main entrance. Over 20,000 trees and shrubs planted in the past months make the grounds a Southern California show place. "Don't be disappointed if you cannot go to the fair in Chicago; you have Los Angeles county fair," says a globe trotter.

## Membership Of Local C C Is Going Up

Well Known Citizens And Business Men Added To Organizations Roster

Pointing to a year of greatly increased activity, the local Chamber of Commerce directors enrolled 23 new members and associate members in the organization at Monday night's meeting. Captain E. G. Everett, new membership chairman, was largely instrumental in securing the members.

Among the recently enlisted members are Colonel H. B. Hersey, Harold Spears, William Middough, R. S. Corlett, Harold Roberts, Roy Pickett, Frank Spencer, Ellery Hardware Company, J. F. Sadler, Nora M. Mesecar, Grant Funeral Parlors, Dr. M. H. A. Peterson, Dr. John Woehler, Laura E. Cadmus, F. H. Hartman. New associate members are Mrs. M. B. Hitchcock, Harvey Herring, C. H. Johnson, Earl Hulbert, Robert Hicks, Rev. A. O. Pritchard and John Spoelstra.

Monday night the directors voted \$15 to the chess tournament association for 1935 advertising purposes, and chose C. W. Forman as chairman, and L. C. Heath as vice chairman of the Chambers chess committee. Resolutions were passed to inquire into the possibility of having the Pasadena school district enlarge the Lamanda Park Junction Pacific Electric station for convenience of local students and commuters. James Heasley suggested that the city purchase the two parking lots adjacent to the canyon swimming pool for parking facilities, and fire prevention means were discussed.

## Local Woman Loses Life As Cars Crash In Weldon Canyon

Mrs. Helen Flekal, of 99 East Laurel avenue, was killed on Wednesday night, when the car in which she was riding collided with a truck on Highway No. 99 in Weldon Canyon, near Saugus. One of Mrs. Flekal's sons was driving the car at the time of the accident and no other occupant was injured seriously.

Mrs. Flekal is survived by her husband, Frank Flekal, of this city; five sons, Frank Flekal, Jr., of Secaucus, N.J.; George Flekal of Long Beach; Andrew and Charles, of Bakersfield, and Alfred, of Van Nuys, and two daughters, Mrs. L. H. Ruch, of Secaucus, N.J.; and Mrs. Matilda Berywest, of Dayton, Ohio. Funeral arrangements are in charge of the Grant Funeral Parlors.

## Campers See Battle Between Mountain Cat And Huge Eagle

Mr. and Mrs. Robert Babbitt and family, of 314 West Central avenue, and Mrs. Laura Brownell, of Pasadena, returned on Monday night from a three-day camping trip on the Kern River near Bakersfield and in the Green Horn mountains. On the return trip they saw a huge eagle attacking a bob cat. The bob cat finally freed itself from the eagle by squeezing into a crevice in a rock.

## Cheers Here For Legion In Playoff

Biggest Crowd Of Season Expected At First Clash Booked Tonight

For the fourth successive year the Sierra Madre Legionnaires go to bat against Pasadena's Soldiers to decide the 18th district Legion League championship. Tonight on the local school diamond the first of the two out of three series commences.

The two teams won the right to play each other by virtue of their victories in the semi-final playoff series. Sierra Madre defeated East Pasadena two out of three games—the rubber tussle being a thrilling 13-inning fracas on Friday. Pasadena had an easier time of it, taking San Marino down the line in two straight games.

It's in the cards for the locals to take the honor this year. In 1931 Pasadena grabbed the pennant and in 1932 Sierra Madre overthrew the Crown Citizens, while last year the tables were reversed again. However deceitful the cards, the fact remains that the hometown men are on edge for the final playoff as they never have been before. The most important reason for this is that the series with East Pasadena was a battle all the way through—and any outfit good enough to outplay the runners up this year may well have self confidence. Tonight's battle, as in the past when the valley and foothill teams have mixed for the pennant, will be rough sledding—and it is just possible that the deciding factor will be discovered in the lung capacity of the partisan fans.

If we Democrats accuse Upton Sinclair of splitting our party in California, he can fairly retort that before he joined it, it wasn't big enough to split.

## New Figures Jump Taxes Here To \$5.91

Increase Of 12 Cents For School And Four For Flood Control Shown

Corrected figures on the tax situation in Sierra Madre certified to City Clerk Waverly E. Pratt yesterday by County Auditor Payne show that the tax rate for all purposes here for the tax year 1934-35 is \$5.91 instead of \$5.65, as first reported, and 16 cents greater than for the year 1933-34, when the combined levy amounted to \$5.75.

Twelve cents of the increase is accounted for in the levy for school purposes. Four cents were added by the supervisors for flood control purposes, the tax for this purpose being 19 cents per one hundred dollars valuation instead of 15 cents assessed last year. The city and county tax rate remain unchanged.

The corrected tabulation, with comparative figures of 1933-34 follows:

County Tax	\$1.20	\$1.20
Flood Control	.19	.15
City Tax	2.40	2.40
School Tax	2.12	2.00
Total	5.91	5.75

## Communism Debate Topic Of Kiwanians

Select Schmidt Orator To Represent Local Club At The District Forum

Victor O. Schmidt was chosen in the local elimination contest held at the Kiwanis Club Tuesday noon to represent Sierra Madre in the Kiwanis district forum contest to be held in Claremont Tuesday, September 20.

Chosen by the judges, Dean Arnold G. Bode and Rev. Stewart R. Sherff, as having the best subject material and delivery, Schmidt's talk was on "The Communist Problem," and was limited to five minutes.

Describing Communism as anti-religious, anti-social, and anti-democratic, Schmidt stated that it is often confused with real constructive activity. He warned against the danger of not distinguishing between Communism and progressive liberalism.

"What we need," the speaker said, "is democracy, democracy and still more democracy. The aim of the Communist is to further the philosophy of intolerance and the dictatorship of the proletariat." In conclusion he commended the American Legion for its stand against Communism.

Captain E. G. Everett, presenting a well balanced and constructive talk, was a close second to Schmidt in the opinion of the judges. He told of the manner in which the Communists are getting a foot hold in the colleges, and even military quarters, and stated as his belief that the Communists are busy encouraging strife between worker and employer in strikes.

Next week's meeting will feature election of the Kiwanis directors for the coming year.

Dr. Frank McCann was chosen as winner of the Monrovia contest held yesterday, and will compete in the district finals against Schmidt and other speakers. Dr. McCann's subject was the same as all Kiwanis speakers in the contest, "Communism."

## Orange Grove Paving Pact Is Executed

The City Council Wednesday night authorized Mayor Reavis and City Business Manager Al S. Myers to execute a contract with the State Highway Department for the paving of Orange Grove avenue from the eastern to the western boundaries of the city with the city's two year allotment of the gasoline tax. The pavement is to be 30 feet wide with a five foot shoulder on either side. The gas tax allocation amounts to slightly more than \$4,000. The S.H.D. has assured an allocation of \$3,000 for labor.

"It will give us a \$10,000 street," Business Manager Myers told the Council. There will be no sidewalks or curbs. The relocation of Sturtevant Road when the Canyon Park streets were paved took highway frontage away from two lots owned by Mrs. William B. Corum and the Council passed on first reading an ordinance vacating and dedicating to Mrs. Corum a few feet of the former roadway, restoring her rights.

A letter from the fire department informed that the bridge on East Grand View avenue would probably not carry the heaviest of the city's fire trucks in the event of a call from that area. The city has been negotiating with the Supervisors for pending the outcome of negotiations the department was ordered to go east on Central avenue, and north, so as to obviate the necessity of crossing the bridge.

## BREECH CLOTHS FORBIDDEN IN PASADENA PARADE, SO LOCAL FIREMEN DON SHORTS

NUDE, but not quite as nude as they had planned—the Sierra Madre Volunteer firemen rode atop the fire truck in the State Fire Chiefs' convention parade yesterday afternoon down Colorado boulevard. Originally the local fire-eaters intended parading in metal fire helmets, boots—and flame red breech cloths. But the Crown City Fire Chief, Mr. Coops, objected.

"Indecent, irrelevant and illegal. You gotta wear shorts, anyhow to get into the parade."

So in a wild last minute search, eight steadfast fire laddies found suitable modest shorts and sorrowfully consigned their asserted

## Increase In Attendance At Schools

Bells Will Call All Young Sierra Madreans Back Monday Morning

With two new teachers included on its staff and with preparations made for receiving a record number of pupils, the Sierra Madre grammar school opens its doors for the Fall term Monday. The familiar sound of the Highland avenue school bell will be heard, as usual, at 8 o'clock in the morning.

St. Rita's Parochial school pupils commenced classes this week, with a registered attendance of 75, a gain of four over last week. School officials express the belief that still more boys and girls will register next week, as a number of last term pupils have not yet returned from their vacations.

Not only the local school, but PJC and the Woodrow Wilson Junior High School in Pasadena as well, will be in session Monday. The school bus schedule to the Junior High will remain the same as last year, with one bus leaving Sierra Madre at 7 a.m., one at 7:10 a.m., and two others at 7:30 o'clock in the morning. College students must either drive to school or ride on the Pacific Electric line, which operates on an hourly schedule.

Despite the outwardly desolate appearance of the wrecked buildings on the Pasadena Junior College campus, the institution's 4000 students will commence class work Monday in comfortable temporary quarters and with complete educational facilities unimpaired.

Pending the completion of the first three units of the college's new earthquake-proof structure, what the school lacks in convenience and roominess will be made up in the spirit of resolve and good sportsmanship, states Dr. John W. Harbeson, principal.

## Wammock, Victim Of Strike Pickets, Is Brought Home

Leonard Wammock, who was so brutally beaten by striking longshoremen on August 5 at Vancouver, Wash., was brought to his home, 258 East Central avenue, on Wednesday morning from St. Joseph's Hospital in the northern city. It has only been recently that Mr. Wammock has fully regained consciousness. His condition has improved but it will be three months or more before he will be able to get around. D. M. H. A. Peterson stated this week. Dr. Peterson has ordered that no visitors be allowed at the Wammock home as excitement may cause a relapse.

At the time of the assault Mr. Wammock was employed as an oiler aboard the S. S. Admiral Peoples. Accompanied by three other seamen, Wammock left the ship to be met by a gang of armed strike pickets who accused him and his companions of being strikebreakers. Mr. Wammock was severely beaten with hammers and fists and battered into unconsciousness. It was not until this week that doctors deemed it wise to move Mr. Wammock to his home.

## Democratic Club To Be Reorganized

Why beholdest thou the mote that is in thy brother's eye, but perceivest not the beam that is in thine own eye? —Luke 6:41.

While we are coldly discussing a man's career, sneering at his mistakes, blaming his rashness, and labeling his opinions, that man, in his solitude, is perhaps shedding hot tears because his sacrifice is a hard one, because strength and patience are failing him to speak the difficult word, and do the difficult deed. —George Eliot.

### GROWERS HARD HIT

Study of the press reports concerning the new Cuban Reciprocity Treaty proclaimed by President Roosevelt on August 24th indicates that the interests of California avocado growers have been sacrificed on the altar of "foreign trade."

The new treaty apparently contains nothing favorable to the California avocado industry. On the contrary, Cuban alligator

pears are granted continued duty-free entry into the United States, where they will continue to take advantage of California's development of avocado markets. The only restriction reported against Cuban shipments is that they are to be confined to the months of June, July, August and September, beginning with the 1935 season. During the last season more than 99 percent of the Cuban alligator pear shipments into the United States were received during those months. In other words, the restriction is meaningless.

During many conferences with the Florida Avocado Growers Exchange and Calavo Growers of California at Washington this year, the officials of the Department of State expressed a sympathetic attitude toward the problems of the domestic avocado industry. On numerous occasions they assured "due consideration." The complete lack of protection under the new treaty comes as even more of a shock, under the circumstances.

Faced with the greatest crop increase in history, Calavo Growers are studying the situation to see what can be done toward altering the present treaty provisions before next summer's huge crop of avocados from California must be marketed.

### LETTERS From Readers

#### WHAT ARE THE INDOOR AND THE GOOD SPORTS

To the Editor of The Sierra Madre News:

Sierra Madre is a beautiful place; lovely not only because of its natural beauty, but because of the exceptional friendly kindness of its people. For this reason, the good people of Sierra Madre would be glad, I am sure, to know more of two organizations which originated in Southern California several years ago, and have since spread, pretty largely, all over the United States, and to some extent into Alaska and Canada—interesting and unique co-organizations!

They were conceived and organized by G. Allison Phelps, radio philosopher. They are The Indoor Sports Club and the Good Sports Club, prefixed by his name in honor of the wonderful work he has done for us.

The Indoor Sports consist of people afflicted for one year or more by some physical disability, making it impossible for us to leave home without the assistance of one or more normal people. Home is a lovely place, but when one has spent a long series of years there, it is a great

### Treasure Island At The Lyric

Marlene Dietrich in "Scarlet Empress," and Warner Baxter in "Grand Canary," are being shown this evening and Saturday at the Lyric Theatre in Monrovia.

Coming on Sunday for a five day run is "Treasure Island,"

pleasure to be taken away for short periods—perhaps for a car ride or a call on a friend, or even to attend a party.

The purpose of the Good Sports Club is to do just these kindnesses and many others for Indoor Sports. We Indoor Sports correspond with each other and with Good Sports, and many of us, who cannot even leave our beds, are greatly cheered and benefited by cards, letters, calls, flowers, etc., from the Good Sports. Good Sports claim that in return for the effort they expend to give pleasure to the Indoor Sports, they receive happiness far in excess of that effort.

Los Angeles, Pasadena, Alhambra, Huntington Park, Long Beach, San Diego, and other communities have thriving and active clubs. Sierra Madre has at least two authorized Indoor Sports, and doubtless others who would be glad to join; but where, oh where are the Good Sports to find joy in making life happier for some of the afflicted ones of our city?

Would you like to know more of this work, in order that you may help? If you would, call or write to this office and you will be given the name and address of Indoor Sports No. 12, who, from her wheel chair, will give more information.

AN INVALID.

The program will feature the Schubert Choraleists, under the direction of Madam Velma Blauevelt, and the Collette Ballet.

Another attraction at the concert will be Helen Van Gilbert, talented young cellist, who appeared at the Hollywood Bowl Symphony as soloist. The Schubert Choraleists are recognized as one of the most distinctive chorals in Southern California, having been invited last May to participate in the biennial convention of the National Federation of Music Clubs to be held in Philadelphia in 1935. This is the third time the honor has been bestowed upon these singers. The Ceraile concerts will continue October 2 and 16 and November 6 and 20. ### Japanese Students Receive Awards For Their School Work

Before a full house of parents and friends, the work of 19 young Nipponese folk of this community was recognized Sunday evening in the Japanese language school, when certificates were awarded for their progress in the study of Nihongo. Increased interest in the school by both the students and parents resulting in the improvement of the grounds, building, and student cooperation were noted in the speeches made by G. S. Shimizu, C. M. Nomura, and K. Sakamoto.

Miss Tomoye Takasugi responded for the students and Mr. Wada, instructor, expressed his pleasure for the work accomplished. In the place of the usual little talks by the pupils, five plays were presented, two of them being some of the original dramatic works of Mr. Wada.

## PROPOSED AMENDMENTS TO STATE CONSTITUTION AROUSE PUBLIC INTEREST

### One Measure On November Ballot Would Strike Down Usury Law

(Editor's Note: This is the second in a series of articles by Ralph H. Taylor, farm leader and governmental observer, analyzing the 22 ballot proposals which will be submitted to California voters at the forthcoming general election.)

By Ralph H. Taylor

**T**HE proposed constitutional amendments, submitted to the people by direct action of the State Legislature—some of far-reaching importance, and all requiring careful scrutiny—will appear on the November general election ballot for ratification or rejection.

And of the ten, at least three or four promise to develop merry battles, due both to conflict of interests and to differences of

opinion as to the actual scope of some of the amendments.

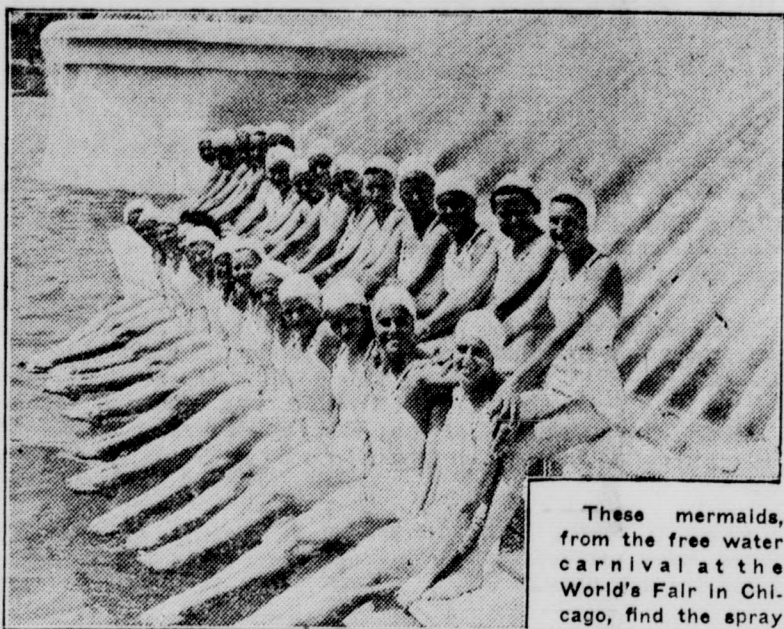

Heading up the list, for example, is Senate Constitutional Amendment No. 21—designed to tighten-up restrictions on governmental spending and requiring that all state offices and officials submit to budgetary control of the State Department of Finance, and auditing control of the State Controller.

The amendment was intended to extend budgetary control to agencies and commissions created by initiative, according to its sponsors, but it was at first believed that the provisions of the amendment were so broad as to include schools in the general definition of "state agencies" and thereby interfere with the present fixed and mandatory school appropriations. Attorney-General Webb, however, has cleared up this objection with a ruling that the amendment would not force school districts to submit their budgets to either the State Controller or the State Director of Finance. Still another point of contention is whether the amendment would restrict the powers of the Board of Regents and officials of the University of California and the College of Agriculture and place new restrictions on their expenditures.

The hotly-debated question of water rights and water development will also be before the voters again in Assembly Constitutional Amendment No. 18, the so-called Water-Power Act.

This amendment was passed by the Legislature prior to adoption

## Beauties Splash in Fair Fountain

These mermaids, from the free water carnival at the World's Fair in Chicago, find the spray of the world's largest fountain, in the Fair lagoon, deliciously cool and great fun.

## Endeavorers Plan Busy Social Season

**W**HEN the slated speaker failed to turn up at the Pasadena division party in Alhambra last Thursday, Graeme Smith saved the evening for his brother Merrill, who was in charge of the evening's activities, by pinch hitting for those fifteen minutes. And this day will see him leave with his wife

for the other side of this continent. But as a sort of exchange, the Young Peoples' society will have their proxy, Mrs. Mary Sheriff, sometime this weekend after several weeks of absence in the Rockies.

With her return comes a signal of activity for the local Christian Endeavor societies. The Japanese society, it is hoped, will finally get started this Sunday evening, after a couple of false starts. They meet at 6 o'clock in the Bethany church auditorium and will adjourn at 7. And then the Intermediates and Juniors should start meeting again in another Sunday.

Sierra Madre will in all probability have the Tahquitz club of the county union up in Bailey Canyon park next Spring, the tentative date being of Saturday, March 16th.

And what about submitting some plans for the county union's entry in the Tournament of Roses parade? The theme of "Golden Legends" should start a torrent of thoughts. And the reward? A couple of tickets to the New Year's Rose Bowl game.

## GRAEME SMITH GO TO PHILADELPHIA

Mr. and Mrs. Graeme Smith are leaving today for Philadelphia, Pa., where Mr. Smith has enrolled for another year at Westminster Seminary. Mr. and Mrs. Smith have been very active this summer in Bethany Church; Mr. Smith conducting the summer Bible School while Mrs. Smith was one of the teachers. Mr. Smith had charge of the services, when Rev. S. R. Sheriff was on a short vacation. Mrs. Smith is the daughter of Mr. and Mrs. F. D. R. Moore, of 689 West Central avenue, and Mr. Smith is the son of Mr. and Mrs. J. O. Smith, of 609 West Central avenue.

## LITTLE LADD ARRIVES AT PASADENA HOSPITAL

A son, John Paul Ladd, was born to Mr. and Mrs. Paul Ladd at the Altadena Hospital on Friday. The new arrival is the first grandchild of Mr. and Mrs. W. J. Ladd, of 258 Mariposa avenue. Mother and son are doing nicely.

## SIERRA MADREANS SEE FAMOUS PLAY IN GERMANY

A cablegram has been received from Mrs. J. Borradaile, of 391 East Grand View avenue, and her sister, Mrs. A. Opero, of Los Angeles, from Paris, France, stating that they have arrived safely in Europe. They are at present in Germany attending the Passion Play.

## Fire Flames

By One of the Boys

**I**F THE MEN who participated in the big parade are not too sun burned or too worn out from the floggings, they may be at the meeting tonight to tell of their experiences. Although the writer has so far learned little from them, it is a well known fact that they played their part well in the State Fire Pageant in Pasadena Thursday, and if Sierra Madre's Fire Department has not gained fame it is because the newsreel man missed a good bet. Toggled in only a fireman's hat and a red "napkin," each of them made a spectacle. We may be able to tell more after tonight's meeting. (If they are able to attend.)

It must have been quite a job for Mrs. Hibbs to fit the boys with the red "napkins." Some of them are built like string beans while others look more like a split pea. Noted for her ability as a cake baker, one can imagine that she had very little difficulty in getting them to show up for their fittings. Which reminds us that Lee proclaims himself quite a bridge expert, but as far as we can learn from his wife, his affliction has never taken much hold. She says that even Jim Heasley can beat him.

And now since "Shorty" Lovell has added "Gilmore Red Lion" to his stock of trade, we can look forward to a combination Standard Oil and Gilmore Circus, when the two "Shorties" run for the fire truck at the sound of the siren.

Among Vern Udell's many achievements, we found out that he is an accomplished wrought iron worker, which the "Scotty" sign at the Food Grill will verify. When any of the firemen want something made, Vern is usually called on to do the job. He is a "Handy Andy," much to the annoyance of our other Andy.

Gordon McMillan is the last one to be reported on vacation and he must have gone back into the woods so far that the mail man cannot reach him, for no one has heard from him since he departed last week.

by the people of the Central Valley Water Project Act and it is a question whether the amendment is necessary in view of voter-approval of the Central Valley Plan.

The amendment grants the State and various subdivisions general authority to develop water and power, without authorizing any specific project, and provides for the advancement of State credit to governmental units for water and power development and sale. Indebtedness is limited to 70 years.

Of equal importance, the power of eminent domain is enlarged to permit the taking immediate possession of property required for water and power developments. Provision is made for offsetting damage to property owners, both by compensation in money and by water and other benefits of the project. Prior rights of watersheds where water originates are preserved.

Still another proposed amendment, which may develop a fight, and which links in with the water amendment, is Assembly Constitutional Amendment No. 33, sponsored by the State Chamber of Commerce. This proposal limits State bonds to 40 years, except in the case of water and power bonds, which may run for 70 years.

Opponents of the amendment have raised the point that the water and power bond exemption is so worded that it might permit the issuance of these bonds without ratifying vote of the people.

Another proposal which will probably run into stormy weather is Assembly Constitutional Amendment No. 79. Ostensibly this amendment reduces the maximum interest rate permitted under the State usury law from 12 per cent per year to 10 per cent. But actually it practically abolishes the usury law by the simple expedient of exempting virtually all loaning agencies from its restrictions.

## A. L. A. Activities

By Minnie Stinman

**T**HE Juniors met at the home of Lucile Pickett last Thursday to make favors for the hospital and for our own invalids.

Delegate Helen Lovejoy attended County Council at Patriotic Hall, Los Angeles. She was accompanied by Orelia Stinman and Leila Embree.

On Saturday afternoon the Juniors attended the installation of officers of East Pasadena Juniors at the Legion clubhouse on Vinado avenue. Those attending were Leila Embree, Idella Taylor, Mary Lou Lovejoy, Grace Jensen, Leila Pickett, Marjorie Pickett, Finell Hill, Marjorie and Twila Stinman, Velma Pickett, Lucile Pickett, Orelia Stinman, Edith Woodruff, Florence Jensen and Mrs. A. R. Wells, past president of the Unit at Pocatello, Idaho, and her two children, Mark and Edith. The Juniors from Monterey Park and Alhambra were also invited guests.

The first district meeting of the new year will be held Saturday, September 14 (tomorrow) at 7:30 p.m., at the Meadow Country Club at Pomona. Those who are going will meet at the City Hall at 6:30. After the meeting, members will be guests of the County Fair, as they were last year.

On Monday evening, September 10, an executive board meeting was held at 7:15 p.m., at the home of Orelia Stinman. Those present were Orelia Stinman, Leila Embree, Minnie Stinman, Elizabeth Steinberger, Dorothy Shetler, Louise Bobb, Lucile Pickett, Bertha Irvine, and Lillian Wheeler. The purpose of the meeting was the formation of plans for installation of Junior and Senior officers, which plans were to be passed upon by the Unit meeting Thursday evening.

The year closes with a gain of 13,000 members ahead of the total 1933 enrollment. National needs only 34086 more enrollments to reach the year's membership goal. California has 96 percent of her quota, and is fourth in the contest for the Doyle trophy, awarded to the Department of 10,000 or more members enrolling the largest percent of its quota.

September is Music Month. It was on a September morning long ago that Francis Scott Key wrote the vivid lines of our National anthem.

### WINTER FLOWERING SWEET PEAS

By Jessie Ward Russell

**T**he winter blooming Spencer or Orchid-Flowering type of Sweet Pea will bloom during the winter months if planted now. An especially fine strain of these Sweet Peas have been perfected by Zvolanek and Son of Lompoc. It pays to buy a good strain, as they cost very little more and give so much better results.

Some simple directions to follow when planting Sweet Peas are:

Prepare ground before sowing; work the soil at least 18 inches deep, put cow manure in bottom of trench about four inches deep and cover with soil. Tramp down and soak with water. Do not plant seed until the second or third day after soaking the grounds with water. Seed might rot if planted in soil that is too wet.

Soak seed in water before planting until they begin to swell, usually 6 to 10 hours. Any seed that has not swelled up should be taken out and chipped and dropped back into water until they do swell.

Plant seed two inches apart and one to two inches deep.

When seed is all up thin out to six inches apart.

Put up supports for the vines to climb on, chicken wire being preferred.

Some of the orange and salmon shades fade badly in the sun. Commercial growers of these varieties use cheesecloth shades to protect them.

It is very important to cover the ground over the seed with strips of chicken wire to keep the birds from stealing the seed. We have had whole rows of

sweet pea seed dug up even before they have reached the surface by birds. We wonder how they know the seed was there.

Another pest that must be dealt with is the red spider which gets on the foliage later on. Dusting with sulphur about every two weeks will kill the red spiders.

Pick flowers daily, do not let any go to seed. Keep soil loose, do not allow crust to form on top.

You know how a quick morning shower "sets you up" for the day? Well, the most convenient way to have it every morning—with an automatic gas water heater that is ready with hot water the moment you step under the shower—costs less than the cream in your cup of coffee.

The number of times the hot water faucets are turned on in the kitchen, laundry, and bathrooms of the average home during a month is very large. You would be amazed at the low cost of natural gas to you if you could divide your small bill by the number of times natural gas serves you and your family during the month.

The actual cost of automatic water heating with natural gas is so small that you can only compare it with other trifling expenses—any of which costs on the average of a day!

## Near Riot As Kiwanis Club Beats Rivals

Players Mix It Up When Visitors Believed They Got A Bad Decision

In a wild and wooly eleven inning brawl, the Kiwanis Club of Los Angeles here on Tuesday night by a score of 13 to 12.

Scoring eight runs in the first frame with good solid hitting and two walks, the locals appeared to be off to an easy win. The visitors scored one run in each of the following three frames, but the home town boys sent a couple more across in the fourth bringing the score to 10-3, and the game still looked safe.

In the next two innings the Kiwanis team was held scoreless, while the visitors pushed over five tallies. At this stage of the game, Ed Lalone relieved Perry on the mound. Going into the ninth still in the lead, the locals retired the first two batters up. Johnson then drew a walk, and Alton—who had previously hit safely four times—was purposely passed. Lalone then lost control, walking DeVaney and filling the bags.

Kinasigroch, at this tense juncture, singled over second to score two men. The third man was called out a the plate by Umpire Lawrence Perry. This decision precipitated a near riot, with both teams making for each other's throats. The scrap was short lived as the runner admitted Brain, Sierra Madre catcher tagged him on his homeward slide.

Pratt took the mound to start the tenth, and blanked the Epworths in the tenth and eleventh. Brain singled in the opening of the last frame, and after Scalzo fanned, was out at second on a fielder's choice that put Marsh on first. Robert Lalone then doubled, sending Marsh to third. Marsh scored the winning run when Smith's right field drive was fumbled.

## Bunt Wins Hot Battle For Legion

Harkness Captures Game In 13th Inning For Sierra Madre Post

In the most hotly contested and brilliantly played ball game in the history of the district league, Sierra Madre's Legion team eked out a 13th inning win over East Pasadena on the Brookside Park diamond Friday night, and clinched the privilege of engaging with Pasadena in the final pennant series. The score was 2 to 1.

Harkness proved the man on the spot in the last frame when he laid a perfect bunt down the first base line to score Burroughs and win the ball game.

Giving Pratt fine support throughout the tilt, the local men clicked together as they seldom have before. Burroughs, Harkness and Pratt were the three musketeers in the socking department, while Taylor made the most spectacular fielding play of the evening when he knocked a hotly driven liner into the air off his glove, then caught it before it struck the ground.

Each outfit tallied once in the fourth, and the score remained tied up the rest of the game. The play by play description is as follows:

In the first inning Gwyn struck out, Burroughs struck out. Taylor singled, Harkness went out on a play from Loftus to Kelly.

Pratt singled in the second. Pickett and Young struck out. Mathis was out on the Loftus to Kelly combination.

The third saw Olsen hit out to Kelly, Gwyn singled, Burroughs struck out and Taylor flew out to Simon.

East Pasadena started the fourth with Berg hitting out to game went but six innings due to the fact that the Huntington Park high school ground rules call for lights out at 9 o'clock.

The Dillions scored all of their runs in the first frame, with two singles and a home run. After this brief flurry Eddie Lalone settled down to keep their hits sufficiently scattered to prevent damage.

Fred Lalone was the evening's most unstoppable demon, both in the field and at bat. Forgetting his visiting manners he grabbed a number of hard hit balls in center field. He got four hits out of four times at bat with a circuit clout in the collection.

In Sierra Madre's half of the fateful fourth Harkness singled, stole second, and scored on Pratt's single. Pickett, Young and Mathis went down the line by the strikeout route.

It was a fast moving game until the final chapter, both sides being retired regularly in one, two, three order.

The Lamanda Park soldiers made a strong bid to end the game in the thirteenth. Simon was put out by Pickett, Berg

After three months of preliminary construction work, the Mexican type home being built by Mr. and Mrs. Roy Wright on West Grand View avenue this week was in readiness for erection of the steel framework. Girders are being put into their concrete base this weekend, and it is announced that in another three months the outer structure will be completed.

Wright, who is a construction engineer by profession, is planning the local residence upon new and revolutionary principles of construction, the entirety being built of steel and cement. When completed the home will be true Mexican type, with stucco finish and tile roof. A crew of seven men is employed.
